Discovery Park’s latest permanent exhibit “AgriCulture: Innovating for Our Society” cost more than one million dollars to create and is the perfect venue for your next meeting or party.

The exhibit, located in the Simmons Bank Ag Center, tells the story of farming innovation in the past, present—and especially—future. The space was designed with flexibility in mind, and provides a convenient, fun and state-of-the-art meeting or party venue. It has plenty of room for pre or post-meeting mingling with food and beverage while set up at the same time for up to 225 theater style. The NutriAn Ag Solutions Mainstage features a state-of-the-art screen and audio and visual for an incredible presentation. With great flexibility, the space can also be set up with banquet tables for an elegant dinner or as a party with a full buffet or passed hors d’oeuvres.

For more information, on the exhibit, visit discoveryparkofamerica.com/agriculture.
